## ADVICE TO AGUINALDO.

Members of His Cabinet Urge Him to Accept American Sovereignty.

## CONFERENCE IN HIS NATIVE TONGUE.

Former Associates Told Him His Cause Is Hopeless and Recommended That He Should Use His Influence to Establish Peace.

Manilla, March 29.—Aguinaldo conferred in the Tagalog language at Malacanang palace with several former members of his cabinet and other prominent Filipinos whom he had asked to see. They explained to him the hopelessness of the Filipino cause and advised him to use his influence to establish peace and for the recognition of American sovereignty. The result of the conferences is yet unknown.

Aguinaldo is now detained in a comfortable room in a wing of the Malacanang palace. He is in charge of Captain Benjamin H. Randolph and Lieutenant Gilbert A. Youngberg, of Battery G, Third artillery. When Aguinaldo was captured, he wore a plain dark blue suit, with the coat closely buttoned at the throat and a wide, white helmet with a leather band. He takes his capture philosophically. He is generally cheerful, but sometimes moody. His health during the past year has been very good. It is uncertain what attitude he will now assume.

Certain visitors are permitted to see Aguinaldo, but newspaper interviews with the prisoner are not allowed. Since Aguinaldo has been domiciled at the palace, persons not provided with special permits have been denied admission to the grounds.

General Triaz, the commander of the Filipino forces in Southern Luzon, who recently surrendered to the American authorities, visited Aguinaldo and told the latter why he surrendered. Triaz said a continuance of armed opposition to the United States was unjustifiable and ruinous, that the independence of the Philippines was impossible and the Filipinos had better accept liberty, prosperity and progress under American rule.

The capture of Aguinaldo, following the surrender of General Triaz will probably occasion the surrender of the Filipino leader Malaver in Batangas province, Luzon; Bellarmino in Albay province, Luzon; and Lucban in the island of Samar, within a month.

Many people visited the residence of General and Mrs. Funston on the Calle Real, in the suburb of Ermita. The general modestly declined to talk. Mrs. Funston was evidently the happiest woman in the Philippine islands.

General Funston has been recommended for the highest practicable reward. It is believed here that he will receive an appointment as brigadier general in the regular army.

The first execution in Manilla under American rule took place at Fort Malate. Here five natives were hanged for the murder of Archibald Wilson, an Englishman, superintendent of the water works. The motive for the murder was robbery.

At San Vicente, South Ilocos province, 12,000 Filipinos have taken the oath of allegiance to the United States.

### More Filipinos Surrender.

Washington, March 29.—An important dispatch was received at the war department from General MacArthur. It chronicles the surrender of a considerable additional number of Filipinos and military arms and it is said the surrender marks the complete stamping out of the war in the island of Mindanao. The dispatch is as follows: "Manilla, March 29.—Brigadier General William A. Kobbe reports surrender at Sumulao, Mindanao, of nine officers, 160 men, 187 rifles, 80 shotguns, Capistrano's command. This ends the trouble in Mindanao as far as the Filipinos are concerned. Brigadier General Robert P. Hughes reports that Alkipall and Ruiz, 34 guns, surrendered to Captain David G. Shanks, Eleventh Infantry, at Mamburac, and 206 guns of Fulton's command were surrendered to Lieutenant Colonel William S. Scott, Forty-fourth infantry."

### Educated Filipinos Wanted.

Washington, March 29.—The civil service commission has decided to request the Philippine civil service board at Manilla to hold regular classified service examinations to secure about 15 well educated Philippine men between the ages of 18 and 25 for service as aides in the coast and geodetic survey, which plans to press its work in the archipelago, beginning about June 1. One of its officials is already at Manilla. The prospective Filipino appointees will receive \$720 a year salary to begin with and must have qualifications that include the higher mathematics, astronomy, physics, surveying, geography and two modern languages.

### MANCHESTER'S EMBARRASSMENTS. Papa Zimmerman May Help Him Out, Will Fight Portia's Suit.

London, March 29.—The Duke of Manchester appeared in the bankruptcy court for public examination, but the case was again adjourned to May 10. It was represented that Mr. Zimmerman, the duke's father-in-law, had just arrived in England and was investigating the duke's affairs, therefore it would be for the benefit of the creditors to adjourn the case until the investigation was completed. This is taken as an indication that Mr. Zimmerman proposes to extricate his son-in-law from his embarrassments.

Miss Portia Knight's statement of her claim in the breach of promise action brought by her against the duke is approaching completion. It is understood that heavy damages will be demanded. The Duke of Manchester has entered an appearance in the action, so he evidently intends to fight it.

### Ohio Incorporations.

Columbus, O., March 29.—Lincoln Council No. 59, Daughters of America, Cincinnati; Haskell Golf Ball company, Akron, \$10,000; Belmont Realty company, Cleveland, \$25,000; Cincinnati and Eastern Electric Railway company, Cincinnati, increase from \$10,000 to \$50,000; Dahl-Millikan Grocery company, Washington C. H., increase from \$160,000 to \$200,000; Review Publishing company, Lockland, increase from \$2,500 to \$5,000; Union Telephone company, Athens, increase from \$10,000 to \$50,000; Buckeye Match company, Springfield, \$10,000; Price Implement company, Zanesville, \$25,000.

### C. B. & Q. Consolidated.

Boston, March 2.—It is claimed that the proposed consolidation of the Chicago, Burlington and Quincy railroad with the Great Northern and Northern Pacific roads has reached a final stage. The long delayed plan, it is said, is ready for submission to the Chicago, Burlington and Quincy stockholders. The secret conference of President J. Hill of the Great Northern, James E. Perkins, chairman of the Burlington board of directors and ex-Senator Wadsworth of Colorado at the Victoria hotel in this city is believed to have settled the question.

### For Publishers and Printers.

Albany, N. Y., March 29.—State Commissioner of Labor McMeekin has issued his quarterly labor bulletin. Among other things the report says negotiations are in progress toward a compact between the American newspaper publishers' association and the International Typographical union which, if adopted, will establish the peaceful method of arbitration in place of strikes or lockouts in the large part of the printing industry controlled by the publishers' association.

### Gold Seekers Massacred.

Phoenix, A. T., March 29.—It is reported that a party of gold seekers was massacred by Ceris Indians on the Island of Tiburon, in the Gulf of California. Two weeks ago, six Mexican prospectors left Tepopan, on the west coast of Mexico, in a small boat and went to Tiburon Island in search of gold. Pedro Parquilla, one of the party, has reached the mainland in a small boat and reported a fierce fight with the Indians. He escaped and believes his companions were killed.

### Penny Postage Books.

Washington, March 29.—Reports received by Third Assistant Postmaster General Madden show that the books of cent postage stamps issued by the government are averaging a sale of 18,500 books a day throughout the United States. The fraction of a cent which the government earns on the sale of each book yielded a net profit of \$33,672 in the 11 months during which they have been on sale at all postoffices.

### Pittsburg Coal Dealer Falls.

Pittsburg, March 29.—James Williams, individually and as a member of the Grand Lake Coal company of this city, has filed a petition in bankruptcy. Liabilities \$175,368.27, assets \$245. Of the total liabilities \$104,775.56 is scheduled as unsecured claims and \$70,593.71 and notes and bills which ought to be paid by others.

### New War Lord of Netherlands.

The Hague, March 29.—Lieutenant General Kool has been appointed minister of war to succeed Lieutenant General Eland, whose resignation was announced March 16 in consequence of an antagonistic vote in the chamber.

### Naval Appointments.

Washington, March 29.—The president appointed Edwin M. Shepard, to be a rear admiral; Kossuth Niles, to be a commander; Richard M. Hughes, to be a lieutenant commander; also several minor naval appointments.

Utrecht, March 29.—Those who are near to President Kruger declare nothing is known by his intimates of his intention to visit the United States.

## LIKE HUMPTY DUMPTY

Yang Yu Had a Great Fall But Russia Will Set Him Up Again.

### EXPECTS AGREEMENT TO BE SIGNED.

Chinese Minister at St. Petersburg, Who Is Old and Fat, Took a Slide on a Waxed Floor But It Will Avail Not.

St. Petersburg, March 29.—It is probable that the Russo-Chinese treaty regarding Manchuria will not be signed before Monday or Tuesday at the earliest. The delay is due to the dilatoriness of the Chinese government or to the natural difficulties of communication between the Chinese court, Peking and St. Petersburg. It is not believed that the indisposition of Yang Yu, the Chinese minister at St. Petersburg, will prevent him from going to the foreign office when invited to do so.

Monday when the world expected the Russo-Chinese convention as to Manchuria would be signed, the Russian foreign office received word that the Chinese minister in St. Petersburg, Yang Yu, had fallen and been seriously injured. This news was received at the time with a grain of salt, but the United States embassy now states that Yang Yu not only slipped on a wax floor, bruising his elbow and leg, but hurt his head and was consequently confined to his bedroom. Yang Yu is over 60 and fleshy. He has recently displayed great anxiety and has hesitated to sign the convention.

### What Russia Wants.

Washington, March 29.—It is stated on excellent authority that the Manchurian convention has from the first been regarded simply as a modus vivendi. The chief purpose of the modus, it is explained, would be to provide for the evacuation of Manchuria by the Russian troops, as their presence there is a part of the abnormal condition brought about by the disturbances. But with these forces withdrawn Russia expects that assurances will be given that quiet will be maintained and that the formal normal condition would be in fact restored. When the old state of things is thus restored it is the Russian view that the modus vivendi will cease to operate, as its purpose will have been secured of correcting the abnormal conditions brought about by the Chinese outbreak and the despatch of a large Russian force to different points in the province. It is said that the integrity of China will be completely preserved and that nothing in the nature of a Russian protector or suzerainty will exist.

Neither the Russian ambassador nor the Chinese minister has received any word as to the final action on the convention.

### Japan Shows Her Spunk.

Tokyo, March 29.—The newspapers here say it is proposed to relieve the Japanese troops in the Chinese province of Pe-Che-Li by a force 50 per cent stronger. Although May is the unusual month in which the move at Seoul takes place, the relief of the troops there will take place immediately. Three officers of the headquarters staff will also proceed to Corea. These movements with unusual activity at the arsenals, is taken to point to the adoption of a strong policy.

### British Reinforcements For Tien Tsin.

Shanghai, March 29.—A regiment of Sikhs, with eight machine guns and some field guns, has been ordered to Tien Tsin to strengthen the guards along the Shan-Hai-Kuan and Peking railroad. The Chinese officials of the province of Che-Kiang, without pressure from foreigners, have indemnified the native converts within their jurisdiction for losses sustained as a result of anti-Christian riots.

### Sultan Fears Assassination.

Constantinople, March 29.—Owing to apprehensions of attempts by anarchists upon the life of the sultan, his majesty intends to completely exclude tourists from the precincts of the Yildiz Kiosk. As a step in this direction he has ordered the demolition of the pavilion erected at the grand gate of the palace grounds for the accommodation of tourists hitherto permitted to attend the Selamik.

### Hawaiian Chinese May Land.

San Francisco, March 29.—Collector of Port Stratton has received an opinion from Attorney General Griggs definitely establishing the right of Chinese persons who were citizens of the Hawaiian Islands prior to Aug. 12, 1898, by birth or naturalization, to enter the United States. It was clearly the intent of congress, the attorney general thinks, to throw the cloak of adoption over all who were Hawaiian citizens at the date mentioned in the treaty.

### Nose Bleed Proved Fatal.

Springfield, O., March 29.—Miss Ida Bowman died of nose bleed.

### GABINET MEETING.

Capture of Aguinaldo and Reward for Funston Considered.

Washington, March 29.—The cabinet meeting was devoted almost entirely to discussing the capture of Aguinaldo. Its effect on the military situation in the Philippines, the disposition to be made of the Filipino chief and the reward to be given General Funston. The subject was considered in all its phases, but no definite conclusions were reached either with regard to General Funston's reward or to the indisposition of Aguinaldo.

The president and members of the cabinet are in favor of the most liberal and substantial recognition of the service performed by General Funston. There was some discussion of the question of making him a brigadier general in regular army but it was thought full reports should be awaited before action was taken. The matter probably will be allowed to rest where it is for the present. General Funston is holding a volunteer commission as brigadier general which will not expire until June 30 of this year so that so far as honor and emoluments are concerned, his standing will not be prejudiced by the delay.

The disposition to be made of Aguinaldo was a matter that could not be disposed of so definitely. Whatever action is taken in regard to him will originate with the army officials in the Philippines and be passed on finally here. There is no disposition to deal harshly with the man who has led the Filipinos against the forces of this country. Some of the cabinet officers think it is possible he may be used with good effect by the authorities of the Philippine commission in the establishment of a civil government.

General MacArthur's dispatch suggesting that Aguinaldo might issue an address, advising the natives to accept the situation was pointed to as indicating possibilities along this line. On the other hand, if his influence cannot be utilized safely, he undoubtedly will be sent to some place where he can foment no trouble, perhaps Guam.

The president and his cabinet believe that the capture of Aguinaldo will mean much in the crushing of the war. Indeed, they are inclined to believe now that it means the utter collapse of opposition to the authority of the United States.

### Want Funston in Regular Army.

Washington, March 29.—The Kansas congressional delegation has decided to urge the president to appoint General Funston a brigadier general in the regular army as a reward for the capture of Aguinaldo. Senator Buton and Representatives Long and Curtis, the only members of the delegation in the city, called on the president for that purpose. They would not be surprised, however, if considerable opposition to giving Funston a brigadier generalship should develop at the war department. There is no disposition in the regular establishment to belittle General Funston's exploit, especially since the receipt of General MacArthur's dispatch giving full credit to Funston, but there would naturally be opposition there to jumping a volunteer officer 35 years of age into the grade of brigadier general, and the Kansas delegation recognizes this fact.

### Students and Workmen a Unit.

St. Petersburg, March 29.—The distinguishing and the gravest feature of the present disturbances in Russia is the evidence of an organized combination for the first time between the students and the workingmen of an obstinately revolutionary character. The government has driven the students into the arms of the labor party. Bogolepoff, the minister of public instruction, who was assassinated, was the worst type of a Russian bureaucrat. His administration was marked by petty persecution of the students.

### General Young's Return.

San Francisco, March 29.—The United States transport Logan has arrived, 25 days from Manilla and 19 days from Nagasaki. She has on board the Thirty-third and Thirty-fourth Infantry and 80 cabin passengers. General Young and his staff were among the passengers. General Young is to replace General Shafter as commander of this division, General Shafter having been placed on the retired list.

### Uniform Rank in Labor Unions.

Chicago, March 29.—A movement is on foot to establish a uniformed rank in all labor unions. The movement is said to be meeting with much favor in all the labor organizations, and before next Labor day it is expected that many companies of men uniformed and drilled in military tactics, will be found in the rank of organized labor.

### Want Funston Rewarded.

Harrisburg, Pa., March 29.—The lower house of the state legislature adopted a resolution requesting the president "To reward General Funston in a manner that will fully recognize his great and meritorious services" in capturing Aguinaldo.

## KAISER'S UTTERANCES

Comments of German Papers on the Speech to Grenadiers.

### REFERENCE TO FORMER REVOLUTION

Soldiers Admired as to Their Duty Should His Maj-sty Be Assailed. Evidently Uneasy Lies the Head That Wears a Crown.

Berlin, March 29.—Conservative papers do not discuss Emperor William's speech to the Emperor Alexander Grenadier regiment at the new barracks, but the Liberal papers general comment on his majesty's utterances, emphasizing the statement that the emperor is ill informed concerning the character of the revolution at Berlin in March, 1848.

The National Zeitung expresses its inability to comprehend what current events induced the emperor to refer to the revolution of 1848 and says it does not see any signs of his majesty needing a bodyguard.

The Vossische Zeitung is also unable to see any occasion for the emperor's words since nobody in Berlin is thinking of a revolution and his majesty's predecessors repeatedly recognized the loyalty of Berlin's population.

The Vorwaerts cites a number of previous speeches of the emperor exhorting the soldiers to fight for him when necessary, and claims it has authentic information that his words were literally as follows: "If the city of Berlin should again impudently and disloyally rise against the king, as in 1848, then my Grenadiers, it will be your duty, with the points of your bayonets, to annihilate the impudent and disobedient."

### Powers Hopes to Be Cleared.

Frankfort, Ky., March 29.—Ex-Secretary of State Caleb Powers, after carefully reading the decision of the court of appeals granting him and Howard new trials, dictated an interview in which he said he believes he will be acquitted on his next trial. He suggests co-operation between the prosecution and the defense in searching out the murderer of Goebel and says that while he does not think it incumbent on the Republican party to discover and punish the murderer of Goebel, he thinks the party will suffer as long as the murderer is undiscovered. Jim Howard had little to say further than he felt very much relieved notwithstanding he had perfect confidence that the decision of the court of appeals would be for a new trial in his case.

### President's Tour in Washington.

Washington March 29.—The itinerary of the presidential party through Washington is practically complete, according to Representative Jones of that state. It is as follows: The president will leave Portland, Or., at 10 o'clock a. m. Thursday May 23, and enter Washington by way of Olympia, where he will stop half an hour. He will reach Tacoma in the afternoon and spend the night there. Friday he will traverse Puget Sound by boat to Seattle, stopping at Everett and several other places en route. Saturday the party will cross the mountains with brief stops at Ellensburg, North Yakima and Walla Walla. Sunday will be spent at Spokane and Monday the party will leave for Montana. The president's trip through Kansas will include stops at Topeka and Lawrence.

### Execution Postponed.

Sylvania, Ga., March 29.—The execution of five negroes which was to take place here Friday did not take place owing to proceedings for a new trial pending in the supreme court. The militia remains on guard and the prisoners will likely be returned to Savannah for safe keeping. The negroes were members of an organization called "Knights of Archer," a colored Ku-Klux society for the extermination of white people who became objectionable to them.

SECRETARY Root has ordered that every man in the force of 35,000 volunteers who are to be mustered out before July 1 shall be subjected to a searching medical examination when he leaves the service of the United States. The instructions issued from the war department are positive and stringent. They require strict investigation to be made of the physical condition of all soldiers and officers of the line below the rank of General. The results of this investigation are to be placed on the army records, which are to be open for reference to the pension officials whenever any of the discharged volunteers apply for pension on the ground of disability contracted in the Philippines or elsewhere. The necessity for this is shown by the fact that nearly 40,000 pension claims have already been filed by volunteers who served during the war with Spain—most of whom never left American soil or heard a gun fired in battle during that conflict, remarks the Georgetown News-Democrat.

### POWERS-HOWARD CASES.

But Slight Cause for Reversal—Points on Which They Get a New Trial.

In granting Caleb Powers a new trial Thursday, Judge Du Relle, of the Court of Appeals, holds that the testimony of Pat McDonald as to a conversation between two men who were not identified as a part of the mountain army was not competent; that instruction No. 7, which was amended by Judge Cantrill, should have been further amended so as to require testimony showing that the killing was the direct result of the conspiracy.

Judge Burnam's opinion, reversing the Howard case, holds that it was erroneous for Attorney Ben Williams to tell the jury that Bob Franklin, who was sick, sent them a message that he believed Howard guilty and should be hanged, and that it was further error in the second instruction to use the word "accomplice" instead of "accomplices."

The whole court concurred as to Attorney Williams' error, but White, Paynter and Hobson dissented as to the error of the second instruction.

Williams' error was excusable in the light of the fact that Howard's attorney, Carlo Little, had charged that Commonwealth's Attorney Franklin was not really sick, but remained out of the case because he thought he was innocent and would not prosecute him. Little's speech, however, did not appear in the record, so it made Williams' speech seem a serious error.

### Rafflers Will Please Take Notice.

There are persons in Maysville and this county who seem to make a business of raffling and soliciting chances on articles to be raffled. They are so numerous they are not only burdensome to many citizens but have really become a nuisance. Many of the articles, it is claimed, are never raffled and the persons soliciting chances, it is asserted, never intended they should be. There is a statutory law prohibiting such games of chance and in the future the officers of the law will take the necessary steps to punish such offenders. Persons who are solicited to take chances on any article will please notify the city authorities.

## BASTON FITE'S MISFORTUNES.

Has Lost His Wife and All His Children in Last Three Months.

Mr. OLIVET, Ky., March 29.—The old adage that "misfortune never comes single-handed" is verified in the life of Mr. Baston Fite. About three months ago his little daughter was left in the room alone, and fell in an open fire, and before her mother reached her she was burned so badly she lived only a few hours.

It was such a shock to the mother she never recovered from it, and died in a few weeks. She left a babe that lived only a short time after the mother's death.

Their little boy contracted a cold going to his mother's funeral, which developed into pneumonia, from which he died to-day.

In three months' time he has been bereft of every member of his family, Mr. Fite is a well-to-do farmer of Mason County, and lives about six miles from this place.

## THE LATE WILLIAM WORMALD.

Directors of the Y. M. C. A. Pay Tribute to His Worth as a Citizen in All the Walks of Life.

A called meeting of the Board of Directors of the Y. M. C. A. was held Friday afternoon at 4 o'clock to take some action on the death of the late William Wormald. Mr. Wormald had served as a director from the organization of the local association, and no one appreciated the work the association has done and is doing for young men more than he did. He was ever ready to devote a part of his time to the upbuilding and strengthening of this institution in our city. At the meeting of the board Friday afternoon Messrs. D. C. Hutchins, I. M. Lane, M. F. Marsh and General Secretary Baker, a committee appointed to draft resolutions, reported the following:

WHEREAS, It hath pleased the heavenly Father to remove from us our beloved brother, William Wormald.

Be it resolved, That we regard the life of William Wormald in his relationship to the community in which he lived and as a citizen and church member as furnishing a high standard of right living and one worthy of emulation.

That in his death the Board of Directors of the Young Men's Christian Association loses a faithful and devoted member, one who has served the institution from the time of its earliest organization, being ever ready to act in any capacity to further the interests of the association.

That the membership feels great sorrow in parting with him whom they had learned to love and honor.

That to his grief-stricken family, his relatives and friends be extended our sincere sympathy and condolence.

The resolutions were unanimously adopted, and it was ordered that they be published in the city papers, and that a copy be sent to the family of deceased.

As a further mark of their love and respect the directors decided to attend the funeral in a body.

### ABANDONED HER BABE.

Parties Who Figure in This Affair at Georgetown, O., Claimed to Be From Maysville.

[Georgetown, (O.) News-Democrat.] On the 13th of February a girl, giving her name as Florence Gray, on the verge of maternity, was abandoned on the streets of Georgetown, by a party whose name she gave as Harry Foster, of Maysville. An attempt was made to arrest Foster, or whoever he was, and it is said the arrest was made at Aberdeen, but for some reason not known he was afterward released and permitted to cross the river. The girl was taken to the infirmary where she gave birth to a child. Sunday last two persons were observed in the woods near the infirmary, in a buggy. Nothing was thought of the matter at the time and the event passed until the infirmary folks went to unlock the inmates Monday morning when it was discovered that the girl, who occupied an upper room, was gone, leaving her babe behind. An examination of the surroundings showed that she had tied a sheet to her bedstead and lowered it through the window toward the ground. She then slid down the sheet as far as it reached and dropped to the ground. Quite a space intervened between the end of the sheet and ground and the force of her fall was such as to show two footprints fully half way up to the tops of her shoes. It is supposed that the parties in the woods gave her the signal of their presence and carried her off after she went to them. The infirmary authorities telephoned in every direction for her but nobody had seen her, which would not have been likely had she traveled afoot through the country. The girl was evidently of the better class as she writes a beautiful hand and composes well. Her babe was taken to the children's home. It is also more than likely that all names given are fictitious.

### A Queer Discovery.

[West Union Defender.]

Monday Thomas Huskins while digging a well on the farm of William Young near town made a discovery that has caused much talk about town. When a depth of twenty-three feet was reached he came upon a board about an inch and one-half thick, which when removed was found to cover a crevice some three feet by eighteen inches in size and ten feet deep, filled with water. A drilled well had been put down at the same place about ten years ago, but as it was but a six-inch hole it was impossible for the board to have gotten down in the well at that time. The board when exposed to the air crumbled.

### To Kill Tobacco Flies.

[Winchester Democrat.]

A well known tobacco man of this city says the work of worming tobacco in Virginia is greatly simplified by catching the flies. Tubs partly filled with water are placed in various portions of the field; after sunset lighted lanterns are placed immediately above the tubs; the flies are attracted by the lights, and fall into the water and are drowned.

She says Electric Bitters are just splendid for female troubles; that they are a great tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. Jas. Wood & Son, druggists.

### CHRISTIAN UNION.

A Great Interdenominational Congress Will Probably be Held to Disseminate the Question.

LEXINGTON, Ky., March 28.—The National Congress of Disciples concluded its meeting to-night. The closing act was the appointment of a committee of seven to make arrangements whereby a great interdenominational congress of ministers may be secured that they might discuss the question of Christian union.

Cleveland was selected as the next place of meeting.

The American Christian Education Society, organized yesterday, to-day elected officers as follows: President, F. D. Power, Washington; Vice President, B. A. Abbott, of Baltimore; Treasurer, Andrew Wilson, of Baltimore. The Secretary is to be selected by the Board of Directors at its next meeting. The headquarters will be in Washington.

The immediate object of the above movement is to awaken interest among all religious organizations toward the formation of an international congress, similar to the one just adjourned, where religious work can be discussed and denominational co-operation determined.

The ultimate object is the formation of one church, whose basis will be broad enough to satisfy the belief of all denominations.

The action of Thursday evening was the appointment of a committee to take under consideration the best way in which to bring the question of Christian union to the attention of all religious organizations. It was further decided that the committee submit a report to the national missionary convention, which meets at Minneapolis next October. The committee consists of A. M. Harvout, of Cincinnati, W. T. Moore, of Columbus, Mo., C. L. Loos, Lexington, J. H. Garrison, of St. Louis, J. W. McGarvey, of Lexington, J. B. Briney, of St. Louis, and B. B. Tyler, of Denver, Col.
